

Celebrate Earth Day by going paperless!

Earth Day 2021 is April 22. Going paperless is one way you can help "Restore Our Earth." Every little bit helps!

### What does going paperless do for you?

Going paperless allows you to:

- Feel secure that documents have not been lost in the mail.
- Save time - stop storing, organizing, and shredding documents.
- Reduce clutter and print only when you need it.
- Access statements and documents 24/7.

Get involved! Go green by signing up for e-Delivery today.
